Subject: RE: 169 CCS Wiper Deflectors

Yes ... I'm good with that ... Didn't realize that the parts were already anodized and primed.

Regards,
David

Subject: Re: 169 CCS Wiper Deflectors

I would think that since it's a trial fit we would just need to apply touch up primer to the holes and maybe an Alodine solution before primer.

Shep, what say you?

On Mar 7, 2014, at 7:21 AM, "Linda Lacelle" <llacelle@dartaero.com> wrote:

Sorry, maybe I'm wasn't clear. They are already anodized and primed, but they have been drilled to the latest revision, so the holes are not anodized and primed, since this is just a trial fit, I was just wondering if they needed to be touched up anodize/prime..

Thx

L
